

# No. 1 – One Number

## Spare part kits

In order to simplify overhauling of your engine, MAN PrimeServ offers a variety of spare part kits for all engine types.

An example (as illustrated above) is our gasket kits for cylinder units.

For further information and possibilities concerning spare part kits for your engine, please contact our After Sales department, we are there to assist you in any way. Please find our contact details on the back of this flyer.

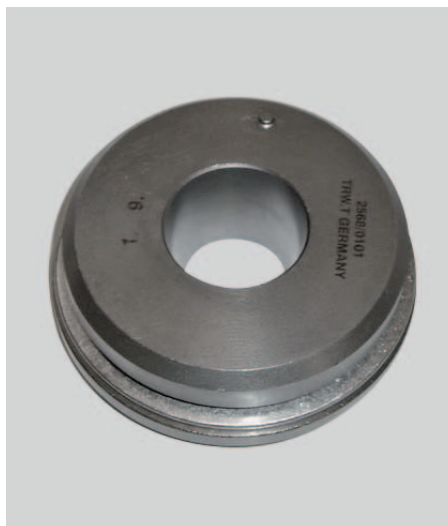

Advantages by using a spare part kit:

- Get all seals, rings and gaskets in convenient packages for your overhaul.
- With a spare part kit you will never be short of a seal and therefore have to stop the working process.
- With just one number, the kits are easily ordered – easily handled.
- All kits are designed according to working cards. All working cards are to be found in the instruction manuals.

## Rotocap kit

MAN PrimeServ now also offers a rotocap spare part kit for the L27/38 engine. This kit will enable you to perform easy and simple overhaul of your rotocap.

Please see below which parts are included in the kit:

- Spring
- Ball
- Spring washer
- Retainer ring

To provide you with the best service concerning spare part kits, and determining which kits are suitable for your engine, we need you to provide us with IMO and engine number.

Still, the rotocap kit is just one among numerous other kits. For further information on additional kits, please send an email to [PrimeServ-hol@mandieselturbo.com](mailto:PrimeServ-hol@mandieselturbo.com) or call us at +45 54 69 31 00.

Also by contacting us, we can assist you in getting access to our Extranet, Diesel-Port, where you can locate all kits as well as other spare parts.

Together we can find the kit suitable for your engine and make your overhaul easy and trouble-free.
